GUIDELINES FOR OCUFA TEACHING AWARDS NOMINATIONS

The Guidelines for the OCUFA Teaching Awards Nomination have been revised. There are two changes:

- 1) In the past, the original submission was sent to the OCUFA office, where five copies of the submission (one for each member of the Teaching Awards Committee) were made.

PLEASE NOTE:

The Teaching Awards Committee now requests that the original submission and five copies be forwarded to the OCUFA office.

- 2) The nominator is required to complete a **Covering Nomination Form** (appended to the Guidelines) which is to be sent to the Committee with the submission.

The new Guidelines and Covering Nomination Forms are available at the CUASA office. **DEADLINE FOR SUBMISSIONS FOR THE 1988 AWARDS IS MARCH 31, 1989.**

CAUT LOBBYING CONFERENCE

This Conference is to introduce individual members to the lobbying process. It will be comprised of two sections: a simulation which aims to give a taste of the challenges and potential successes of the lobbying process, and a series of seminars on topics of current lobbying interest. These include science policy, funding and research in the social sciences and the humanities, native students, and women's issues. Experts will address the group on each of these topics. In addition, the Minister of State for Science and Technology will speak to the Conference delegates. It will be followed by the annual lobby session of the National Consortium of Scientific and Educational Societies, which is being held in Ottawa.

The Conference is primarily for the non-expert. It will be held March 9-12 at the Westin Hotel, Ottawa. Anyone interested in attending on behalf of CUASA should contact the office.

SABBATICAL PARKING

The existing policy regarding the reservation of parking for the duration of a sabbatical or leave is as follows:

"Faculty or staff members who wish to retain their parking space while on sabbatical or leave of absence must apply in writing to the Parking Office before leaving Carleton, to make appropriate arrangements."

Spaces which are reserved in writing are sold for the duration of absence, but are returned to the original permit holder upon his/her return to Carleton. If notice is not received, and the permit is not purchased for the year, it is re-sold for an indefinite period. Please note that there are waiting lists of one to three years for most of the lots on campus.

SEASONGREETINGS!

TEACHER SWAP: VACATION HOMES AT NO COST

"What did you do with your summer vacation?" is a question often heard in school and college faculty rooms as September rolls around. Frequently, the answer is "Not much!" Teachers who have given that answer, may be interested in a home exchange program called **Teacher Swap**.

Although teachers average 13 weeks of vacation, many do not travel because of prohibitive costs. Three Long Island, New York, teachers have a solution: a home exchange service exclusively for teachers: **Teacher Swap**. Now in its third year of operation, **Teacher Swap** has grown in numbers of subscribers and geographical offerings. The 1988 directory contains listings from 37 states, six Canadian provinces, the Virgin Islands, Germany, Austria, England and Thailand. The service again will be offered to teachers in Europe, Australia and New Zealand as well as the U.S. and Canada.

Teacher Swap also offers two "Bed and Breakfast" alternatives:

A. Exchange of Bed and Breakfast courtesies with a fellow teacher. Example: Teacher A visits the home of teacher B for a week in the early summer. He is given use of a bedroom and breakfast while vacationing in the area. Later in the summer or during holiday time, teacher B visits the home of teacher A for the same courtesies. Neither vacates his home while the other visits.

B. Bed and Breakfast offered for a fee negotiated between colleagues.

Here is how the program works:

--Interested teachers send for registration packets that must be returned to Teacher Swap before **March 1, 1989**. (earlier, if possible)

--Subscribers are then listed in a regionally-organized directory.

--All participants receive a copy of this directory in **April, 1989** in plenty of time to contact each other for summer vacation home swaps.

--The information is arranged so that a reader can quickly determine the name, address and phone number of teachers who live in his potential vacation area and who are interested in exchanging homes with a person in his home area. The fee for the service is \$30 (U.S.) plus postage. Teachers miss the listing deadline may purchase a directory for \$25.

Stories about the program have appeared in *The New York Daily News*, *Newsday*, *Travel and Holiday Magazine*, *The Los Angeles Times*, *The Toronto Sun* and about two hundred other publications worldwide. Interested teachers should write for **free information by January 15** to Teacher Swap, Box 4130, Rocky Point, N.Y. 11778 or call 516-744-6403.
