CUASA WORKSHOPS

The CUASA Steering Committee has set up a Sub-Committee to investigate the possibility of CUASA sponsoring workshops on Tenure and Promotion and for new Chairmen. The committee, comprised of David Cray (Past-President) and Pat Finn (Business Agent), has agreed to look into scheduling the Tenure/Promotion workshop at the end of September and the workshop for new Chairmen at the beginning of September in the few days between registration and the start of classes. For the Tenure/Promotion workshop we are considering a panel of individuals with expertise in the process, such as the Chair of the University Promotions Committee and the CUASA Grievance Chair. We hope that the workshop will explore both the process itself and assist members in the preparation of their documentation necessary for the process. The workshop for new Chairmen will be designed to enhance their knowledge of their duties and responsibilities as encompassed by the collective agreement.

We would be interested in receiving members comments on the proposed workshops as well as an indication as to how many members may wish to attend. It is possible that participation may have to be limited (due to the constraints of room size) and, in addition, we have no idea of the numbers of members who might be coming up for tenure or promotion. If this first round of workshops proves successful then we would hope to make it an annual event. Please call Pat at 6387 with your comments and suggestions.

STATUS OF WOMEN COMMITTEE MEETING

by Daiva Stasiulis

CUASA's Status of Women Committee is sponsoring a meeting with the CUASA representatives on the Salary Rationalisation Commission and invites members interested in salary anomalies, special merit and market differentials to attend the meeting. The Commission is established under the collective agreement in Appendix E (page 180) and CUASA has three representatives- Professor Geza Kardos (Mechanical and Aeronautical Engineering), Professor Bill Jones (Psychology) and Professor Tony Wand (Philosophy). The meeting will be held on Thursday, July 16, 1987 at 3:00 p.m. in Room 1208 Davidson Dunton Tower.
