1991-1994 collective agreement

Both parties have now completed ratification of the collective agreement

Timing of Increases

SCALE: All continuing employees, that is all employees employed on both April 30, 1991 and May 1, 1991, will receive a scale increase of 6% on their annual rate of pay. This increase will be paid in monthly instalments beginning with the May 30 paycheque.

CDI: Those eligible* to receive a CDI (and who are not denied) will have the CDI added to annual rate of pay effective June 27 paycheque. The CDI is backdated to May 1, therefore the June paycheque will contain 2/12 of the appropriate CDI value.

EFFECT: Paycheques will increase May 30 (scale added), increase again June 27 (2/12 CDI), and decrease in July because the CDI payment drops from 2/12 (May and June) to 1/12.

*those over the appropriate ceilings are ineligible as are those who have failed to be promoted to a 'career rank'.

Collective Agreement

The collective agreement is in the final stages of editorial revision and we expect that it will be published shortly.
